

Photography Course

Accurate Instrument Servicing Pty Ltd has designed a Photography Course especially with the Beginner in mind.

This Course not only suits the Beginner, it is also perfect for the Person who would like to understand the fundamental technics of how a great Photo is taken.

These Workshops are designed to help and advise you. We will not sell or market any products.

Do bring your Camera Equipment along to use during the Workshop.

We are happy to advise and assist you with your own equipment.

We offer a Choice of Two Workshops:

Fundamentals of Photography

Presented by Peter using an interactive Presentation. He will cover the fundamentals of Camera, Lens and Photo taking.

Learn Creative Application

This is available for people who would like to have the "hands-on" experience with the invaluable advise from Kelley, a **Professional Photographer**.

Kelley will also show you how to work with natural light to get the best results for your photos.

This creative Application Workshop is presented in combination with the Fundamentals Workshop.

There will be a Model present at this Workshop

You have the opportunity to learn how to take fantastic, professional photos including portrait shots!
